## NEWS - Optiflux®

*Optiflux® : performance to better  
serve the French market!*

The **Optiflux®** system supports the **French Marine Insurance Market** by ensuring smooth and secured management of financial flows.

In 2024, Optiflux® processed **166,814** encrypted files, **98.63%** of which were validated and distributed to co-insurers and brokers.

**4,388** insurance repartitions, **61,897** claims outstanding transmitted (Bulletin flow) and **18,543** paid claims settlements sent (Dispatch flow) were distributed to each French Market co-insurer and to brokers.

Thanks to a 4 people team, CESAM's financial department processed **145,844 financial inputs**, enabling the collection of over **€166 million in premiums** for its 23 members.

In 2025, Optiflux® will continue to meet market standards and to support its users towards even greater efficiency!
