

LE RENDEZ-VOUS
PARISMAT
2025

THE ANNUAL MEETING
WITH ALL KEY ROLE PLAYERS
OF THE FRENCH MARINE AND AVIATION
INSURANCE ECOSYSTEM

CESAM

THE PARISMAT MEETING

OR HOW TO SHOW THE EXPERTISE OF THE FRENCH MARINE AND AVIATION INSURANCE PLACE ACROSS THE WORLD WHILE ALLOWING YOUNG TALENTS TO GROW.

Organized by CESAM in close collaboration with the Organizing Committee, the Rendez-vous ParisMat aims to highlight the know-how and knowledge of all the players in Marine & Aviation insurance ecosystem operating on the French market.

The Rendez-vous ParisMAT also makes it possible to strengthen contacts with other markets and to highlight the strengths of the French market on the international scene. Launched in 2009 in Cannes, the Rendez-vous ParisMat has been organized since 2012 in Paris, a world-renowned financial center.

Each year, more than 900 insurers and players (brokers, surveyors, average agents, shipowners, carriers, freight forwarders, logisticians, maritime lawyers, risk managers, French Insurtechs or even teachers and academics) from more than 40 countries, bring together, exchange and debate on developments in the Marine & Aviation Insurance market.

Current topics impacting the sector are presented and commented on, whether they concern international trade, the world of shipping, regulatory developments and those of risks; all aspects that can shed relevant light on the profession.

In June 2024, for two days, different round tables were organized around key themes such as:

- › Worldwilde economy overview : from inflation to new challenges;
- › Electric vehicles and lithium ion batteries transportation: risks and solutions;
- › Inflation impact on insurance;
- › Poseidon principles concrete involvements: first reporting templates;
- › Lessons learnt and evolution of marine incidents;
- › Space weather and solar storms;
- › Space surveillance: a sovereignty challenge;
- › Status of major global risks;
- › Fine art and specie transport.

These are essential keys to understanding the issues and the future of the transport insurance market.

It is also during the Rendez-vous ParisMat that the Student Prize is awarded, rewarding each year the best dissertation written as part of a Master 2, on a subject relating to risks relating to or impacting the activity of Marine & Aviation Insurers.

In 2024, awards were given for research on "*War Risk Insurance for Time-Chartered Ships: A Legal and Budgetary Choice Challenged by the Russia-Ukraine Conflict*", as well as to the International Transport Master's Program from Paris 1 Panthéon-Sorbonne University.
