Strike at the port of Fort-de-France Martinique

Dear Sir or Madam,

Since 19 October 2026, a strike has been affecting operations at the Grand Port Maritime de la Martinique, at Pointe des Grives (Fort-de-France).

This industrial action is disrupting cargo handling and vessel unloading operations. To maintain logistics flows, several vessels have been diverted to Guadeloupe.

This situation could lead to:

- Delays in the delivery of goods;
- Logistical difficulties in the region;
- An increased risk of damage associated with the diversion, storage or re-routing of cargo.

At this stage, the duration of the industrial action remains uncertain, and the situation continues to be closely monitored by maritime transport stakeholders and shipping companies.
