LE RENDEZ-VOUS

PARISMAT

2027

THE ANNUAL MEETING

WITH ALL KEY ROLE PLAYERS OF THE FRENCH MARINE AND AVIATION INSURANCE ECOSYSTEM

CESAM

LE RENDEZVOUS PARISMAT

OR HOW TO SHOW THE EXPERTISE OF THE FRENCH MARINE AND AVIATION INSURANCE PLACE ACROSS THE WORLD WHILE ALLOWING YOUNG TALENTS TO GROW.

Organized by CESAM in close collaboration with the Organizing Committee, the Rendez-Vous ParisMAT aims to highlight the know-how and knowledge of all players in Marine & Aviation insurance ecosystem operating on the French market.

The Rendez-Vous ParisMAT also makes it possible to strengthen contacts with other markets and to highlight the strengths of the French market on the international scene. Launched in 2009 in Cannes, the Rendez-Vous ParisMAT has been organized since 2012 in Paris, a world-renowned financial center.

Each year, more than 1 000 insurers and players (brokers, surveyors, average agents, shipowners, carriers, freight forwarders, logisticians, maritime lawyers, risk managers, French Insurtechs or even teachers and academics) from more than 40 countries, bring together, exchange and debate about developments in the Marine & Aviation Insurance market.

Current topics impacting the sector are presented and commented on, whether they concern international trade, the world of shipping, regulatory developments and those of risks; all aspects that can shed relevant light on the profession.

In June 2026, for two days, different round tables were organized around key themes such as:

- General Average ;
- Oversized transport : a complex logistical operation ;
- Shipping market situation ;
- International programs in light of local regulations ;
- Intervention by Jean-François CLERVOY ;
- Handling pleasure craft claim - collision ;
- Figures, practices, and tools of the French Market .

These are essential keys to understanding the issues and the future of the marine and aviation insurance market.

Because the Rendez-Vous ParisMAT is also dedicated to helping young talent grow, the Student Award is presented at this event each year to recognize the best thesis written as part of a Master 2 program about topic related to risks affecting the operations of marine, transportation, and aviation insurers. In 2026, awards were assigned for research on “grounding coverage,” as well as for the Master’s in Air Transport Law and Management from IFURTA.
